FACULTY ROLE [Computer Programming/Mathematics Teacher]

PREAMBLE

Boston College High School is a Catholic, Jesuit, independent school serving approximately 1400 young men across grades 7-12 from various communities across Massachusetts. Founded in 1863, Boston College High School continues its commitment to an authentic formation of the head, heart, and hands within the parameters of the Characteristics of Jesuit Education, the Ignatian Pedagogical Paradigm, the BC High Mission Statement, and the strategic plan.

ROLE PURPOSE
Boston College High School seeks a full-time Computer Programming/Mathematics teacher for the 2022-2023 year.

SPECIFIC RESPONSIBILITES
- Full-time teaching position. Faculty will teach a combination of computer programming and mathematics courses.
- Commitment to collaborating with colleagues in curriculum design and teaching practices.
- Weekly student mentoring in our house program.

SELECTION CRITERIA
- A degree in Computer Science, Mathematics, or Teaching.
- Experience teaching high school students.
- Strong and sincere engagement in professional development in both pedagogy and content area.
- High standards and expectations for students.
- Proficiency with educational technology and learning management systems.
- Knowledge and commitment around diversity, equity, and inclusion practices.

BENEFITS INCLUDE: Free graduate coursework at competitive colleges and universities, free daily lunch, cost-effective/competitively priced daycare on site (pending availability), free parking, funded unique and comprehensive professional development opportunities, and a competitive salary and benefits package.

Deadline for applications: May 18th, 2022

Applications should include a cover letter and resume and must be submitted through our online Paycom system link.
