Application Guide 2023-2024

We understand that considering private schools is a complex process and appreciate that you are taking the time to explore Boston College High School. As we review each enrollment application, we take a comprehensive and holistic approach.

In addition to assessing each individual's academic record, standardized test scores, and recommendations, we look for the less tangible strengths as well — commitment to personal interests and activities, a positive outlook to life, and an eagerness to embrace a rigorous education. While the application process may seem daunting, we are committed to providing you and your family with support and guidance. Feel free to reach out to us for assistance.

Understanding Each Enrollment Requirement

Student Application

This should be completed by the student applicant. This form allows the Enrollment Committee to learn more about your background, interests, and desire to attend BC High.

Parent/Guardian Questionnaire

This should be completed by the parent or guardian of the applicant. The questionnaire provides the Enrollment Committee with an important viewpoint from someone who knows you best.

School Report

This form should be submitted to the school official who is responsible for preparing and releasing student records — most often the school principal or guidance counselor. This report will provide the Enrollment Committee with a summary of your school history and academic performance.

Official School Transcript

Your school should submit an official transcript that includes courses and grades from the previous two years including any available grades from the current school year. A parent or guardian must complete the Transcript Release Form in Ravenna in order for the school to submit the paperwork.

English or History Recommendation

Your current English or history teacher should complete this recommendation. This will help the Enrollment Committee garner a strong understanding of your strength in critical thinking, reading, oral comprehension, vocabulary, writing, and grammar.

Math, Science, or Language Recommendation

Your current math, science, or language teacher should complete this recommendation. This will help the Enrollment Committee to further understand your work ethic, motivation, classroom presence, and character traits.

Standardized Tests

You will need to submit official results from standardized exams. Applicants to Grades 7 and 8 must submit results from the Independent School Entrance Exam (ISEE). Please note that the exam does not need to be taken at BC High, but results must be received by the appropriate application deadline date.

All Grade 9 applicants must submit results from the High School Placement Test (HSPT) or the Secondary School Enrollment Test (SSAT). Students may take both the HSPT and SSAT should they choose. Only one entrance exam is required. Please note that the exam does not need to be taken at BC High, but results must be received by the appropriate application deadline date.

Transfer applicants for Grades 10 and 11 must submit test results taken within the past two years from one of the following: HSPT, SSAT, MCAS, PARCC, PSAT, SAT, or ACT.
